

DESCRIPTION

Jet-Lube® Clean-Up™ Plus is a specially formulated, high performance blend of safe, organic solvents designed to quickly dissolve and rinse away dirt, grease, grime, oil, tar and wax while being both environmentally safe and ozone friendly.

Jet-Lube Clean-Up™ Plus starts working immediately on contact, breaking down and dissolving even the most stubborn contaminants without the use of fluorinated, chlorinated or SARA listed ingredients. Jet-Lube Clean-Up™ Plus slowly evaporates while cleaning and leaves a residue-free surface. Safe on all metals and most plastics. High 29,000 volt dielectric strength makes Jet-Lube Clean-Up™ Plus an excellent choice for cleaning electrical and related equipment.

- Replaces 1:1:1 Trichloroethane
- Low Odor
- Residue Free
- Safe on all Metals and most plastics
- Ozone Friendly
- Environmentally Safe
- Biodegradable
- Available in convenient aerosol package
- Exempt from California VOC reporting contains only LVP-VOC compounds

APPLICATIONS

Jet-Lube Clean-Up™ Plus is the ideal, environmentally safe, ozone friendly product for a wide range of automotive, industrial, and marine cleaning applications such as:

Engine Components	Bearings	Electrical
Motors Appliances	Machine Parts	Cables
Alternators	Tools	Gears
Metal Surfaces	Chains	Injectors
Cranes	Forklifts	Generators
Terminals	Winches	Wire Rope

PRODUCT CHARACTERISTICS

Solvent Type	ISO Paraffinic & Citrus Fluids
Specific Gravity	0.85
Density (lb/gal)	7.1
Flash Point	>120°F (49°C)
VOC Content	154 g/liter
Dielectric Strength (ASTM D-877)	29 KV
