<b>Solvents</b>		<b>None</b>

### EXPECT MUCH LONGER TOOL LIFE AND LESS OIL USAGE

This long lasting super slick tenacious product allows the tool to run easier and to last much longer. Lucas Heavy Duty Air Tool Lubricant has been developed for the working professional who demands top performance.

Lucas Heavy Duty Air Tool Lubricant is a complex blend of pure petroleum oils and additives especially formulated to combat rust and varnish. It coats the working parts with a cushion of waterproof lubricants that resist "blowout," enabling it to lube the tool, not the floor.
