

Mystik® General Purpose Grease

OVERVIEW

- A multi-purpose grease especially suited for normal temperature and speed conditions, non-critical service applications, and contaminating environments.

FEATURES & BENEFITS

- Water-resistant.
- Economical.

APPLICATIONS

- Suited for normal temperatures and speeds.
- Recommended for non-critical applications.
- Recommended for applications requiring frequent re-greasing due to a contaminating environment.
- Refer to equipment owner's manual for proper lubricant recommendation.

PROPERTIES

Typical Properties for Mystik General Purpose Grease:

Material Code	665150002
NLGI Consistency Number	2
Thickener Type	Lithium Stearate
Texture	Smooth, Medium Fiber
Color*	Brown/Black
Worked Penetration, ASTM D217	265-295
Dropping Point, ASTM D566, °F (°C)	320 (160)
Approximate Application Temperature Range, °F (°C)	0 to 265 (-18 to 129)

*Color varies and is not indicative of performance.
