Product Data Sheet

CHEMICAL DEGREASER / CLEANER

EnviroTech® Green Cleaner

EPA Certified Safer Choice Degreaser and Cleaner

Green Cleaner Product Benefits

- Superior penetration and removal of oily, greasy particulate soils
- Ability to clean where mechanical or agitation is restricted
- Self-splitting: oils rapidly break from used solution
- Readily biodegradable
- No VOCs or phosphates
- Non-sensitizer to skin
- Excellent rinsing properties
- No hazardous ingredients in packaging
- No dangerous interactions
- No carcinogens or reproductive toxins
- No sensitizers
- Very low streak/smear profile
- NSF A8 & C1, Non-flammable, Non-corrosive

This fast-acting cleaner and degreaser combine green emulsion surfactants and builders to handle tough cleaning. EnviroTech® Green Cleaner removes oil residue and hydrocarbon buildup such as grease, motor oil, tar, fuel, fats, heavy soil, and much more. It's strong enough to reduce grease trap problems during heavy cleaning.

EnviroTech® Green Cleaner has been proven an effective replacement for much widely used chemistry in cleaners that are harmful to the environment. Advances in chemistry and technology means a "green" cleaner is no longer a weak cleaner. EnviroTech® Green Cleaner is a powerful degreaser and is proven safe and effective.

PHYSICAL PROPERTIES

Color: Clear to slightly yellow liquid
pH: < 11.5

EnviroTech® Green Cleaner contains no harmful solvents, and an environmentally safe chelating agent and surfactant.

"EPA/Safer Choice recognition does not constitute endorsement of these products. The Safer Choice logo signifies that the products' formulas, as Summit has represented it to the EPA, contain ingredients with more positive human health and environmental characteristics than conventional products of the same type. EPA/Safer Choice relies solely on Summit, its integrity and good faith, for information on the products' composition, ingredients and attributes. EPA/Safer Choice has not independently identified, that is, via chemical analysis, the ingredients in the products' formula, nor evaluated any of Summit non-ingredient claims. EPA/Safer Choice provides its evaluation only as to the products' human health and environmental characteristics, as specified in the Standard and based on currently available information and scientific understanding."
