

# CLARION®

## Chain and Trolley Lube

### OVERVIEW

- Designed to effectively lubricate chains and trolleys used to manufacture, process, package, and store food products (not suitable for high temperature applications).

### FEATURES & BENEFITS

- Neutral mild petroleum odor, non-staining and non-pigmented.
- Very resistant to water washout and water insoluble.
- Additized to inhibit corrosion, oxidation, and wear.
- Provides outstanding lubrication even under heavy loads.
- Reduces sluggish bearings or sticking trolleys.
- Fluid in most low temperature applications and ensures lubrication of equipment in chilled areas.
- Excellent tackiness makes it highly resistant to water wash-off, thus reducing the frequency of re-lubrication.
- Apply by brush on, drip feed, or centralized lubrication systems.
- Clean up is quick and easy in case of incidental contact.
- Mineral oil base is high purity white mineral oil in accordance with FDA 21 CFR 172.878 and FDA 178.3620(a).
- Finished product meets the requirements of U.S. FDA regulation 21 CFR 178.3570 for incidental food contact.
- NSF H1 registered for use in food processing plants under the jurisdiction of the USDA (143464).

### APPLICATIONS

- Food processing and packaging machinery where there is a possibility of incidental contact.
- Chains and conveyors on food processing machinery.
- Hooks and trolley systems in meat processing facilities.

### PROPERTIES

#### Typical Properties for CLARION® Chain and Trolley Lube:

NLGI Consistency Grade	(approximate) 0000
Material Code	655695009
Thickener Type	Anhydrous Calcium Soap
Texture	Smooth, Buttery
Water or Fillers	None
Color, Observed	Clear with Slight Cloud
Stormer Viscosity, KU ASTM D562	81-85
Four-Ball Wear, mm ASTM D2266	0.40
