### **SECTION 2. HAZARDS IDENTIFICATION**

# GHS classification in accordance with the OSHA Hazard Communication Standard (29 CFR 1910.1200)

Not a hazardous substance or mixture.

#### **GHS** label elements

This chemical is not considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200).

### Other hazards

None known.

### SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

| ersion<br>2 | Revision Date:<br>12/29/2022 | Date of last issue:         05/24/2022         Print Date:           Date of first issue:         09/02/2021         12/30/2022 |  |

| Distillates (petroleum), hydrotreated light paraffinic | 64742-55-8 | Trade secret (>= 1 - < 5) |
| Actual concentration is withheld as a                  |            |                           |

Actual concentration is withheld as a trade secret

### **SECTION 4. FIRST AID MEASURES**

| If inhaled  | : | Remove person to fresh air. If signs/symptoms continue, get<br>medical attention.<br>Keep patient warm and at rest.<br>If unconscious, place in recovery position and seek medical<br>advice.<br>Keep respiratory tract clear.<br>If breathing is irregular or stopped, administer artificial<br>respiration. |
|---|---|---|
| In case of skin contact                                     | : | Take off all contaminated clothing immediately.<br>Wash off immediately with soap and plenty of water.<br>Get medical attention immediately if irritation develops and<br>persists.<br>Wash clothing before reuse.<br>Thoroughly clean shoes before reuse.  |
| In case of eye contact                                      | : | Rinse immediately with plenty of water, also under the eyelids,<br>for at least 10 minutes.<br>If eye irritation persists, consult a specialist.  |
| If swallowed  | : | Move the victim to fresh air.<br>If unconscious, place in recovery position and seek medical<br>advice.<br>Keep respiratory tract clear.<br>Do NOT induce vomiting.<br>Rinse mouth with water.<br>Never give anything by mouth to an unconscious person.  |
| Most important symptoms and effects, both acute and delayed | : | May cause an allergic skin reaction.<br>Allergic appearance   |
| Notes to physician  | : | The first aid procedure should be established in consultation with the doctor responsible for industrial medicine.  |

| Version<br>1.2                   | Revision Date: 12/29/2022 | Date of last issue: 05/24/2022<br>Date of first issue: 09/02/2021 | Print Date:<br>12/30/2022 |  |  |  |  |
|----------------------------------|---------------------------|---|---------------------------|--|--|--|--|
|                                  |                           |   |                           |  |  |  |  |
| SECTION 5. FIREFIGHTING MEASURES |                           |   |                           |  |  |  |  |

| Suitable extinguishing media                  | : | Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.   |
|---|---|--|
| Unsuitable extinguishing media                | : | High volume water jet  |
| Hazardous combustion products                 | : | Carbon oxides<br>Nitrogen oxides (NOx)<br>Sulphur oxides   |
| Further information                           | : | Standard procedure for chemical fires.   |
| Special protective equipment for firefighters | : | In the event of fire, wear self-contained breathing apparatus.<br>Use personal protective equipment.<br>Exposure to decomposition products may be a hazard to<br>health. |

### SECTION 6. ACCIDENTAL RELEASE MEASURES

| Personal precautions,<br>protective equipment and<br>emergency procedures | : | Evacuate personnel to safe areas.<br>Use personal protective equipment.<br>Ensure adequate ventilation.<br>Do not breathe vapours or spray mist.<br>Refer to protective measures listed in sections 7 and 8.                             |
|---|---|--|
| Environmental precautions   | : | Try to prevent the material from entering drains or water<br>courses.<br>Prevent further leakage or spillage if safe to do so.<br>Local authorities should be advised if significant spillages<br>cannot be contained.                   |
| Methods and materials for containment and cleaning up                     | : | Contain spillage, and then collect with non-combustible<br>absorbent material, (e.g. sand, earth, diatomaceous earth,<br>vermiculite) and place in container for disposal according to<br>local / national regulations (see section 13). |

### SECTION 7. HANDLING AND STORAGE

| Advice on safe handling | : | Avoid contact with skin and eyes.<br>For personal protection see section 8.<br>Persons with a history of skin sensitisation problems or<br>asthma, allergies, chronic or recurrent respiratory disease<br>should not be employed in any process in which this mixture is<br>being used. |
|-------------------------|---|---|
|                         |   | Smoking, eating and drinking should be prohibited in the  |

### **International Regulations**

UNRTDG

Not regulated as a dangerous good

#### **IATA-DGR**

Not regulated as a dangerous good

#### IMDG-Code

Not regulated as a dangerous good

### Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code Not applicable for product as supplied.

### **National Regulations**

49 CFR Not regulated as a dangerous good

# Special precautions for user

Not applicable

#### **SECTION 15. REGULATORY INFORMATION**

### SARA 302 Extremely Hazardous Substances Threshold Planning Quantity

This material does not contain any components with a section 302 EHS TPQ.

| SARA 311/312 Hazards | : | No SARA Hazards   |
|----------------------|---|---|
| SARA 313             | : | This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313. |

| Version | Revision Date: | Date of last issue: 05/24/2022  | Print Date: |

### Clean Air Act

This product neither contains, nor was manufactured with a Class I or Class II ODS as defined by the U.S. Clean Air Act Section 602 (40 CFR 82, Subpt. A, App.A + B).

This product does not contain any hazardous air pollutants (HAP), as defined by the U.S. Clean Air Act Section 112 (40 CFR 61).

#### California Prop. 65

This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

#### **TSCA** list

No substances are subject to a Significant New Use Rule.

No substances are subject to TSCA 12(b) export notification requirements.

Revision Date : 12/29/2022

This safety data sheet applies only to products as originally packed and labelled. The information contained therein may not be reproduced or modified without our express written permission. Any forwarding of this document is only permitted to the extent required by law. Any further, in particular public, dissemination of the safety data sheet (e.g. as a document for download from the Internet) is not permitted without our express written consent. We provide our customers with amended safety data sheets as prescribed by law. The customer is responsible for passing on safety data sheets and any amendments contained therein to its own customers, employees and other users of the product. We provide no guarantee that safety data sheets received by users from third parties are up-to-date. All information and instructions in this safety data sheet have been compiled to the best of our knowledge and are based on the information available to us on the day of publication. The information provided is intended to describe the product in relation to the required safety measures; it is neither an assurance of characteristics nor a guarantee of the product's suitability for particular applications and does not justify any contractual legal relationship. The existence of a safety data sheet for a particular jurisdiction does not necessarily mean that import or use within that jurisdiction is legally permitted. If you have any questions, please contact your responsible sales contact or authorized trading partner.
