Reco	ommended use of the	chemical and restrictions on use	
Reco	mmended use	: Lubricating oil	
Restr	rictions on use	: Restricted to professional users	3.

SECTION 2. HAZARDS IDENTIFICATION

GHS classification in accordance with the OSHA Hazard Communication Standard (29 CFR 1910.1200)						
Reproductive toxicity	:	Category 2				
GHS label elements						
Hazard pictograms	:					
Signal word	:	Warning				

NGSH-100

Version 3.0	Revision Date: 06/06/2023	Date of last issue: - Date of first issue: 06/06/2023	Print Date: 06/06/2023
Haza	rd statements	: Suspected of damaging fertility.	
Precautionary statements		Prevention: Obtain special instructions before Do not handle until all safety preca understood. Wear protective gloves/ protective protection.	autions have been read and
		Response: IF exposed or concerned: Get me	dical advice/ attention.
		Storage: Store locked up.	
		Disposal: Dispose of contents/ container to a plant.	an approved waste disposal
Otho	r bazarda		

Other hazards

None known.

SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture	:	Mixture

Chemical nature : ester oil Synthetic hydrocarbon oil

Components

Chemical name	CAS-No.	Concentration (% w/w)
White mineral oil (petroleum)	8042-47-5	Trade secret (>= 1 - < 5)
Lubricating oils (petroleum), C15-30,	72623-86-0	Trade secret (>= 1 - < 5)
hydrotreated neutral oil-based		
Benzenamine, N-phenyl-, reaction	68411-46-1	Trade secret (>= 1 - < 5)
products with 2,4,4-trimethylpentene		
2,5-bis(octyldithio)-1,3,4-thiadiazole	13539-13-4	Trade secret (>= 0.1 - < 1)
Benzenamine, N-phenyl-, reaction	68411-46-1	Trade secret (>= 1 - < 5)
products with 2,4,4-trimethylpentene		

Actual concentration is withheld as a trade secret Actual concentration is withheld as a trade secret

SECTION 4. FIRST AID MEASURES

If inhaled

: Obtain medical attention. Remove person to fresh air. If signs/symptoms continue, get

NGSH-1	00

NGSH-100 Print Date: Version Revision Date: Date of last issue: -06/06/2023 Date of first issue: 06/06/2023 06/06/2023 3.0 Keep respiratory tract clear. Do NOT induce vomiting. Obtain medical attention. Rinse mouth with water. Never give anything by mouth to an unconscious person. Most important symptoms May cause an allergic skin reaction. 5 and effects, both acute and Allergic appearance delayed Notes to physician The first aid procedure should be established in consultation 2 with the doctor responsible for industrial medicine. **SECTION 5. FIREFIGHTING MEASURES** Suitable extinguishing media : Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide. Unsuitable extinguishing High volume water jet media High volume water jet Hazardous combustion Carbon oxides • Nitrogen oxides (NOx) products Carbon oxides Nitrogen oxides (NOx) Further information Standard procedure for chemical fires. · Standard procedure for chemical fires. Collect contaminated fire extinguishing water separately. This must not be discharged into drains. Special protective equipment : In the event of fire, wear self-contained breathing apparatus. for firefighters Use personal protective equipment. Exposure to decomposition products may be a hazard to health. In the event of fire, wear self-contained breathing apparatus. Use personal protective equipment. Exposure to decomposition products may be a hazard to health.

SECTION 6. ACCIDENTAL RELEASE MEASURES

NGSH-100

Version 3.0	Revision Date: 06/06/2023	Date of last issue: - Date of first issue: 06/06/2023	Print Date: 06/06/2023
Personal precautions, protective equipment and emergency procedures		 Evacuate personnel to safe areas. Use personal protective equipment. Ensure adequate ventilation. Do not breathe vapours or spray mis Refer to protective measures listed Evacuate personnel to safe areas. Use personal protective equipment. Ensure adequate ventilation. Do not breathe vapours or spray mis Refer to protective measures listed 	st. in sections 7 and 8. st.
En	vironmental precautions	 Try to prevent the material from entrocourses. Prevent further leakage or spillage in Local authorities should be advised cannot be contained. 	f safe to do so.
		Do not allow contact with soil, surface Prevent further leakage or spillage in If the product contaminates rivers an respective authorities.	f safe to do so.
Methods and materials for containment and cleaning up		: Contain spillage, and then collect wi absorbent material, (e.g. sand, earth vermiculite) and place in container f local / national regulations (see sect	h, diatomaceous earth, or disposal according to
		Contain spillage, and then collect wi absorbent material, (e.g. sand, earth vermiculite) and place in container f local / national regulations (see sect	n, diatomaceous earth, or disposal according to

SECTION 7. HANDLING AND STORAGE

Advice on safe handling	 Do not breathe vapours or spray mist. Avoid contact with skin and eyes. For personal protection see section 8. Persons with a history of skin sensitisation problems or asthma, allergies, chronic or recurrent respiratory disease should not be employed in any process in which this mixture is being used. Smoking, eating and drinking should be prohibited in the application area. Wash hands and face before breaks and immediately after handling the product. Do not get in eyes or mouth or on skin. Do not get on skin or clothing. Do not ingest. Do not repack. Do not re-use empty containers.
-------------------------	--

NGSH-100							
Version 3.0	Revision Date: 06/06/2023		of last issue: - of first issue: 06/06/2023	Print Date: 06/06/2023			
			These safety instructions also apply to er may still contain product residues. Keep container closed when not in use. Do not breathe vapours or spray mist. Avoid contact with skin and eyes. Additional ecological information	: Harmful to aquatic life with long la	asting effects.
Components:		
White mineral oil (petrol Results of PBT and vPvB assessment	eum): : This substance is not considered bioaccumulating and toxic (PBT)	•

SECTION 13. DISPOSAL CONSIDERATIONS

Disposal methods	
Waste from residues :	The product should not be allowed to enter drains, water courses or the soil. Do not dispose of with domestic refuse. Dispose of as hazardous waste in compliance with local and national regulations.
	The product should not be allowed to enter drains, water courses or the soil. Do not dispose of with domestic refuse. Dispose of as hazardous waste in compliance with local and national regulations.
Contaminated packaging :	Packaging that is not properly emptied must be disposed of as the unused product. Dispose of waste product or used containers according to local regulations.
	Packaging that is not properly emptied must be disposed of as the unused product. Dispose of waste product or used containers according to local regulations.

SECTION 14. TRANSPORT INFORMATION

International Regulations

UNRTDG Not regulated as a dangerous good

IATA-DGR

Not regulated as a dangerous good

IMDG-Code

Not regulated as a dangerous good

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code Not applicable for product as supplied.

National Regulations

49 CFR Not regulated as a dangerous good

Special precautions for user

Not applicable

SECTION 15. REGULATORY INFORMATION

SARA 302 Extremely Hazardous Substances Threshold Planning Quantity

This material does not contain any components with a section 302 EHS TPQ.

SARA 311/312 Hazards	Reproductive toxicity Respiratory or skin sensitisation Reproductive toxicity
SARA 313 :	This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.
	This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

Clean Air Act

This product neither contains, nor was manufactured with a Class I or Class II ODS as defined by the U.S. Clean Air Act Section 602 (40 CFR 82, Subpt. A, App.A + B).

This product neither contains, nor was manufactured with a Class I or Class II ODS as defined by the U.S. Clean Air Act Section 602 (40 CFR 82, Subpt. A, App.A + B).

This product does not contain any hazardous air pollutants (HAP), as defined by the U.S. Clean Air Act Section 112 (40 CFR 61).

This product does not contain any hazardous air pollutants (HAP), as defined by the U.S. Clean Air Act Section 112 (40 CFR 61).

California Prop. 65

This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

WARNING: This product can expose you to chemicals including 1,2-Benzenedicarboxylic acid, di-C9-11-branched alkyl esters, C10-rich, which is/are known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

TSCA list

No substances are subject to a Significant New Use Rule.

Version	Revision Date:	Date of last issue: -	Print Date:
3.0	06/06/2023	Date of first issue: 06/06/2023	06/06/2023

No substances are subject to TSCA 12(b) export notification requirements.

This safety data sheet applies only to products as originally packed and labelled. The information contained therein may not be reproduced or modified without our express written permission. Any forwarding of this document is only permitted to the extent required by law. Any further, in particular public, dissemination of the safety data sheet (e.g. as a document for download from the Internet) is not permitted without our express written consent. We provide our customers with amended safety data sheets as prescribed by law. The customer is responsible for passing on safety data sheets and any amendments contained therein to its own customers, employees and other users of the product. We provide no guarantee that safety data sheets received by users from third parties are up-to-date. All information and instructions in this safety data sheet have been compiled to the best of our knowledge and are based on the information available to us on the day of publication. The information provided is intended to describe the product in relation to the required safety measures; it is neither an assurance of characteristics nor a guarantee of the product's suitability for particular applications and does not justify any contractual legal relationship. The existence of a safety data sheet for a particular jurisdiction does not necessarily mean that import or use within that jurisdiction is legally permitted. If you have any questions, please contact your responsible sales contact or authorized trading partner.
