Othe	er hazards		
None	e known.		
ECTION	3. COMPOSITION/IN	FORMATION ON INGREDIENTS	
Sube	tance / Mixture	· Mixture	

Substance / Mixture	: Mixture
Chemical nature	: Mineral oil. Synthetic hydrocarbon oil ester oil

Components

CAS-No.	Concentration (% w/w)
64742-55-8	Trade secret (>= 10 - < 30)
64742-54-7	Trade secret (>= 10 - < 30)
68411-46-1	Trade secret (>= 1 - < 5)
	64742-55-8 64742-54-7

Actual concentration is withheld as a trade secret

SECTION 4. FIRST AID MEASURES

If inhaled

 Obtain medical attention. Remove person to fresh air. If signs/symptoms continue, get medical attention. Keep patient warm and at rest. If unconscious, place in recovery position and seek medical advice.

Version 2.0	Revision Date: 08/08/2022	Date of last issue: 10/18/2021 Date of first issue: 10/18/2021	Print Date: 08/09/2022
		Keep respiratory tract clear If breathing is irregular or set tion.	topped, administer artificial respira-
In cas	se of skin contact	ical attention.	
In cas	se of eye contact	: Rinse immediately with plei for at least 10 minutes. If eye irritation persists, cor	nty of water, also under the eyelids, nsult a specialist.
If swa	allowed	advice. Keep respiratory tract clear Do NOT induce vomiting. Rinse mouth with water.	overy position and seek medical
	important symptoms effects, both acute and red	: No information available. None known.	
Notes	s to physician	: No information available.	

SECTION 5. FIREFIGHTING MEASURES

Suitable extinguishing media	:	Use water spray, alcohol-resistant foam, dry chemical or car- bon dioxide.
Unsuitable extinguishing media	:	High volume water jet
Hazardous combustion prod- ucts	:	Carbon oxides Nitrogen oxides (NOx)
Further information	:	Standard procedure for chemical fires. Collect contaminated fire extinguishing water separately. This must not be discharged into drains.
Special protective equipment for firefighters	:	In the event of fire, wear self-contained breathing apparatus. Use personal protective equipment. Exposure to decomposition products may be a hazard to health.

SECTION 6. ACCIDENTAL RELEASE MEASURES

Version 2.0	Revision Date: 08/08/2022		e of last issue: 10/18/2021 e of first issue: 10/18/2021	Print Date: 08/09/2022
tive e	onal precautions, prote quipment and emer- / procedures	c- :	Evacuate personnel to safe areas. Use personal protective equipment. Ensure adequate ventilation. Refer to protective measures listed i	n sections 7 and 8.
Envir	onmental precautions	:	Do not allow contact with soil, surface Prevent further leakage or spillage if If the product contaminates rivers and respective authorities.	safe to do so.
	ods and materials for inment and cleaning u	: p	Contain spillage, and then collect wir sorbent material, (e.g. sand, earth, d miculite) and place in container for d / national regulations (see section 13	liatomaceous earth, ver- lisposal according to local

SECTION 7. HANDLING AND STORAGE

Advice on safe handling	:	Avoid inhalation of vapour or mist. Avoid contact with skin and eyes. For personal protection see section 8. Smoking, eating and drinking should be prohibited in the ap- plication area. Wash hands and face before breaks and immediately after handling the product. Do not get in eyes or mouth or on skin. Do not get on skin or clothing. Do not get on skin or clothing. Do not repack. Do not re-use empty containers. These safety instructions also apply to empty packaging which may still contain product residues. Keep container closed when not in use.
Conditions for safe storage	:	Store in original container. Keep container closed when not in use. Keep in a dry, cool and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage. Store in accordance with the particular national regulations.

SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Components with workplace control parameters

Components	CAS-No.	Value type (Form of exposure)	Control parame- ters / Permissible concentration	Basis
Distillates (petroleum), hy-	64742-55-8	TWA (Inhal-	5 mg/m3	ACGIH

Keep in properly labelled containers.

		TWA (Mist)	5 mg/m3	NIOSH REL (2019-10-04)
		ST (Mist)	10 mg/m3	NIOSH REL (2019-10-04)

Engineering measures	:	Handle only in a place equipped with local exhaust (or other
		appropriate exhaust).

Personal protective equipment

Respiratory protection	:	Not required; except in case of aerosol formation.
Filter type	:	Filter type A-P
Hand protection Material Break through time Protective index	:	Nitrile rubber > 10 min Class 1
Remarks	:	Wear protective gloves. The break through time depends amongst other things on the material, the thickness and the type of glove and therefore has to be measured for each case.
Eye protection	:	Safety glasses with side-shields
Skin and body protection	:	Choose body protection in relation to its type, to the concen- tration and amount of dangerous substances, and to the spe- cific work-place.
Protective measures	:	The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.
Hygiene measures	:	Wash face, hands and any exposed skin thoroughly after handling.

Ozon	e-Depletion Potential	:	Regulation: 40 CFR Protection of tection of Stratospheric Ozone - (Substances Remarks: This product neither co tured with a Class I or Class II OI Clean Air Act Section 602 (40 CF	CAA Section 602 Class I ontains, nor was manufac- DS as defined by the U.S.
Addit matic	ional ecological infor- on	:	Harmful to aquatic life with long la	asting effects.
Com	ponents:			

Distillates (petroleum), hydrotreated light paraffinic:

Results of PBT and vPvB : Non-classified PBT substance Non-classified vPvB substance assessment

Distillates (petroleum), hydrotreated heavy paraffinic:

Results of PBT and vPvB : Non-classified vPvB substance Non-classified PBT substance assessment

SECTION 13. DISPOSAL CONSIDERATIONS

Disposal methods		
Waste from residues	:	The product should not be allowed to enter drains, water courses or the soil. Do not dispose of with domestic refuse. Dispose of as hazardous waste in compliance with local and national regulations.
Contaminated packaging	:	Packaging that is not properly emptied must be disposed of as the unused product. Dispose of waste product or used containers according to local regulations.

SECTION 14. TRANSPORT INFORMATION

International Regulations

UNRTDG

Not regulated as a dangerous good

IATA-DGR

Not regulated as a dangerous good

IMDG-Code

Not regulated as a dangerous good

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable for product as supplied.

National Regulations

49 CFR

Not regulated as a dangerous good

SECTION 15. REGULATORY INFORMATION

CERCLA Reportable Quantity

This material does not contain any components with a CERCLA RQ.

SARA 304 Extremely Hazardous Substances Reportable Quantity

This material does not contain any components with a section 304 EHS RQ.

SARA 302 Extremely Hazardous Substances Threshold Planning Quantity

This material does not contain any components with a section 302 EHS TPQ.

SARA 311/312 Hazards	: Reproductive toxic	ity
----------------------	----------------------	-----

SARA 313 : This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

Clean Air Act

This product neither contains, nor was manufactured with a Class I or Class II ODS as defined by the U.S. Clean Air Act Section 602 (40 CFR 82, Subpt. A, App.A + B).

This product does not contain any hazardous air pollutants (HAP), as defined by the U.S. Clean Air Act Section 112 (40 CFR 61).

This product does not contain any chemicals listed under the U.S. Clean Air Act Section 112(r) for Accidental Release Prevention (40 CFR 68.130, Subpart F).

This product does not contain any chemicals listed under the U.S. Clean Air Act Section 111 SOCMI Intermediate or Final VOC's (40 CFR 60.489).

Clean Water Act

This product does not contain any Hazardous Substances listed under the U.S. CleanWater Act, Section 311, Table 116.4A.

This safety data sheet applies only to products as originally packed and labelled. The information contained therein may not be reproduced or modified without our express written permission. Any forwarding of this document is only permitted to the extent required by law. Any further, in particular public, dissemination of the safety data sheet (e.g. as a document for download from the Internet) is not permitted without our express written consent. We provide our customers with amended safety data sheets as prescribed by law. The customer is responsible for passing on safety data sheets and any amendments contained therein to its own customers, employees and other users of the product. We provide no guarantee that safety data sheets received by users from third parties are up-to-date. All information and instructions in this safety data sheet have been compiled to the best of our knowledge and are based on the information available to us on the day of publication. The information provided is intended to describe the product in relation to the required safety measures; it is neither an assurance of characteristics nor a guarantee of the product's suitability for particular applications and does not justify any contractual legal relationship. The existence of a safety data sheet for a particular jurisdiction does not necessarily mean that import or use within that jurisdiction is legally permitted. If you have any questions, please contact your responsible sales contact or authorized trading partner.
