Restr	rictions on use	: Restricted to professional users	

## **SECTION 2. HAZARDS IDENTIFICATION**

# GHS classification in accordance with the OSHA Hazard Communication Standard (29 CFR 1910.1200)

Reproductive toxicity	: Category 2	
GHS label elements Hazard pictograms		
Signal word	: Warning	

Version 2.0	Revision Date: 12/19/2022	Date of last issue: 10/19/2021 Date of first issue: 10/19/2021	Print Date: 12/20/2022
Haza	rd statements	: Suspected of damaging fertility.	
Precautionary statements		<ul> <li>Prevention:</li> <li>Obtain special instructions before Do not handle until all safety prec understood.</li> <li>Wear protective gloves/ protective protection.</li> </ul>	autions have been read and
		Response: IF exposed or concerned: Get me	edical advice/ attention.
		<b>Storage:</b> Store locked up.	
		<b>Disposal:</b> Dispose of contents/ container to plant.	an approved waste disposal
Othe	r hazards		

### Other hazards

None known.

### SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

lixture
1i

Chemical nature : polyalkylene glycol oil

### Components

If inhaled

Chemical name	CAS-No.	Concentration (% w/w)				
Benzenamine, N-phenyl-, reaction	68411-46-1	Trade secret (>= 0.1 - < 1)				
products with 2,4,4-trimethylpentene						
Actual concentration is withheld as a trade secret						

al concentration is withheld as a trade secret

### **SECTION 4. FIRST AID MEASURES**

: Obtain medical attention. Remove person to fresh air. If signs/symptoms continue, get medical attention. Keep patient warm and at rest. If unconscious, place in recovery position and seek medical advice. Keep respiratory tract clear. If breathing is irregular or stopped, administer artificial respiration.

Version 2.0	Revision Date: 12/19/2022	Date of last issue: 10/19/2021 Date of first issue: 10/19/2021	Print Date: 12/20/2022
In case of skin contact		<ul> <li>Remove contaminated clothing medical attention.</li> <li>In case of contact, immediately Wash clothing before reuse.</li> <li>Thoroughly clean shoes before</li> </ul>	flush skin with plenty of water.
In c	ase of eye contact	: Rinse immediately with plenty of for at least 10 minutes. If eye irritation persists, consult	-
lf sv	wallowed	<ul> <li>Move the victim to fresh air.</li> <li>If unconscious, place in recove advice.</li> <li>Keep respiratory tract clear.</li> <li>Do NOT induce vomiting.</li> <li>Rinse mouth with water.</li> <li>Never give anything by mouth to</li> </ul>	
and	st important symptoms I effects, both acute and ayed	: No information available. None known.	
Not	es to physician	: No information available.	

### SECTION 5. FIREFIGHTING MEASURES

Suitable extinguishing media	:	Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.
Unsuitable extinguishing media	:	High volume water jet
Hazardous combustion products	:	Carbon oxides
Further information	:	Standard procedure for chemical fires.
Special protective equipment for firefighters	:	In the event of fire, wear self-contained breathing apparatus. Use personal protective equipment. Exposure to decomposition products may be a hazard to health.

### SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions,	:	Evacuate personnel to safe areas.
protective equipment and		Use personal protective equipment.
emergency procedures		Ensure adequate ventilation.
		Refer to protective measures listed in sections 7 and 8.

Version 2.0	Revision Date: 12/19/2022	Date of last issue: 10/19/2021 Date of first issue: 10/19/2021		Print Date: 12/20/2022
Envi	ronmental precautions	:	Do not allow contact with soil, sur Prevent further leakage or spillage If the product contaminates rivers respective authorities.	e if safe to do so.
Methods and materials for containment and cleaning up			Contain spillage, and then collect absorbent material, (e.g. sand, ea vermiculite) and place in containe local / national regulations (see se	rth, diatomaceous earth, r for disposal according to

### **SECTION 7. HANDLING AND STORAGE**

Advice on safe handling	:	Avoid inhalation of vapour or mist. Avoid contact with skin and eyes. For personal protection see section 8. Smoking, eating and drinking should be prohibited in the application area. Wash hands and face before breaks and immediately after handling the product. Do not get in eyes or mouth or on skin. Do not get on skin or clothing. Do not get on skin or clothing. Do not repack. Do not re-use empty containers. These safety instructions also apply to empty packaging which may still contain product residues. Keep container closed when not in use.
Conditions for safe storage	:	Store in original container. Keep container closed when not in use. Keep in a dry, cool and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage. Store in accordance with the particular national regulations. Keep in properly labelled containers.

### SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

#### Components with workplace control parameters

Contains no substances with occupational exposure limit values.

Engineering measures	:	Handle only in a place equipped with local exhaust (or other
		appropriate exhaust).

### Personal protective equipment

Respiratory protection : Not required; except in case of aerosol formation.

Version 2.0	Revision Date: 12/19/2022		e of last issue: 10/19/2021 e of first issue: 10/19/2021	Print Date: 12/20/2022
Fil	ter type	:	Filter type A-P	
Hand protection Material Break through time Protective index		:	Nitrile rubber > 10 min Class 1	
Remarks		:	Wear protective gloves. The break throu amongst other things on the material, th type of glove and therefore has to be m case.	he thickness and the
Eye p	protection	:	Safety glasses with side-shields	
Skin a	and body protection	:	Choose body protection in relation to its concentration and amount of dangerous the specific work-place.	
Prote	ctive measures	:	The type of protective equipment must he to the concentration and amount of the at the specific workplace.	
Hygie	ene measures	:	Wash face, hands and any exposed ski handling.	n thoroughly after

### SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	:	liquid
Colour	:	colourless
Odour	:	mild
Odour Threshold	:	No data available
рН	:	Not applicable substance/mixture is non-polar/aprotic
Melting point/range	:	No data available
Boiling point/boiling range	:	No data available

SECTION	10. STABILITY AND	DREACTIVITY	
Read	tivity	: No hazards to be specially mention	ed.

Chemical stability	:	Stable under normal conditions.
Possibility of hazardous reactions	:	No dangerous reaction known under conditions of normal use.
Conditions to avoid	:	No conditions to be specially mentioned.
Incompatible materials	:	No materials to be especially mentioned.
Hazardous decomposition products	:	No decomposition if stored and applied as directed.

### SECTION 11. TOXICOLOGICAL INFORMATION

### Acute toxicity

Product:						
Acute oral toxicity	:	Remarks: This information is not available.				
Acute inhalation toxicity	:	Remarks: This information is not available.				
Acute dermal toxicity	:	Remarks: This information is not available.				
Components:						
Benzenamine, N-phenyl-, re	act	ion products with 2,4,4-trimethylpentene:				
Acute oral toxicity		LD50 (Rat): > 5,000 mg/kg Method: OECD Test Guideline 401				
Acute dermal toxicity	:	LD50 (Rat): > 2,000 mg/kg Method: OECD Test Guideline 402 Assessment: The substance or mixture has no acute dermal toxicity				
Skin corrosion/irritation						
Product:						
Remarks	:	This information is not available.

the unused product. Dispose of waste product or used containers according to local regulations.

### **SECTION 14. TRANSPORT INFORMATION**

#### International Regulations

UNRTDG

Not regulated as a dangerous good

IATA-DGR Not regulated as a dangerous good

**IMDG-Code** Not regulated as a dangerous good

### Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable for product as supplied.

#### **National Regulations**

**49 CFR** Not regulated as a dangerous good

#### Special precautions for user

Not applicable

### **SECTION 15. REGULATORY INFORMATION**

SARA 302 Extremely	v Hazardous	Substances	Threshold	Planning	Quantity
	y mala ao ao	Gabolanooo	11110011010	i iaining	Quantity

This material does not contain any components with a section 302 EHS TPQ.

SARA 311/312 Hazards	:	Reproductive toxicity
SARA 313	:	This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

### **Clean Air Act**

This product neither contains, nor was manufactured with a Class I or Class II ODS as defined by the U.S. Clean Air Act Section 602 (40 CFR 82, Subpt. A, App.A + B). This product does not contain any hazardous air pollutants (HAP), as defined by the U.S. Clean Air Act Section 112 (40 CFR 61).

#### California Prop. 65

This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

Version	Revision Date:	Date of last issue: 10/19/2021	Print Date:
2.0	12/19/2022	Date of first issue: 10/19/2021	12/20/2022

### TSCA list

The following substance(s) is/are subject to a Significant New Use Rule: 4-nonylphenol, branched 84852-15-3

No substances are subject to TSCA 12(b) export notification requirements.

This safety data sheet applies only to products as originally packed and labelled. The information contained therein may not be reproduced or modified without our express written permission. Any forwarding of this document is only permitted to the extent required by law. Any further, in particular public, dissemination of the safety data sheet (e.g. as a document for download from the Internet) is not permitted without our express written consent. We provide our customers with amended safety data sheets as prescribed by law. The customer is responsible for passing on safety data sheets and any amendments contained therein to its own customers, employees and other users of the product. We provide no guarantee that safety data sheets received by users from third parties are up-to-date. All information and instructions in this safety data sheet have been compiled to the best of our knowledge and are based on the information available to us on the day of publication. The information provided is intended to describe the product in relation to the required safety measures; it is neither an assurance of characteristics nor a guarantee of the product's suitability for particular applications and does not justify any contractual legal relationship. The existence of a safety data sheet for a particular jurisdiction does not necessarily mean that import or use within that jurisdiction is legally permitted. If you have any questions, please contact your responsible sales contact or authorized trading partner.
